

Living In Love

Description

John 3:16-21

The Jewish people in the Old Testament had many names for God—Yahweh, Jehovah, Adonai—just to name a few. None of these titles, however, referred to God as Father. Jesus was the first in the Bible to call God “Father,” and He did so in every prayer recorded.

It was this reason so many of Jesus’ enemies sought to silence Him. This departure from tradition could not be tolerated by the religious leaders. God used the intimate relationship between a parent and child to illustrate the new bond He desired with the world. He even sent His only Son Jesus to model it for us.

When we accept this deep, abiding love that God provides, it brings a freedom we have never experienced. God’s love creates a sense of security and confidence in our lives. Living a life in God’s love provides us with the ability to truly love others.

Begin today by asking God to teach you how to give and receive the love He has for you.
